Project Description

The Green Giraffe is an annual prize for the most sustainable childcare centers in the Netherlands. The prize is available for three categories: daycare age 0-4, after-school care age 5-11 and large childcare organisations. Through an on-line questionnaire around 200 applicants provide information on their internalizatoin of sustainable development within the child care organisation. Additional The Green Giraffe is a focal point for information, consultancy services and sharing experiences for child care centres interested in and working on sustainable development. TreeVelop People & Planet provided the key-expertise for the design and content of the questionnaire and participates annually as expert jury member.

TreeVelop Part

Ms. Christy Duijvelaar provides advice, support and expert input within the organisational team behind The Green Giraffe. All activities take place as a voluntary contribution to the set-up and institionalization of this annual prize.
