Project Description

The Kosovo/a Environmental Action Plan (KEAP) project provided technical assistance to the Kosovar Ministry of Environment and Spatial Planning (MESP) concerning the prioritization of environmental projects and the development of suitable project fiches for 75 small-sized environmental projects.

TreeVelop Part

Ms. Duijvelaar has contributed to the KEAP with the following activities:
• Project fiche development for 75 urgent environmental projects in the Republic of Kosovo;
• Budgeting for these project fiches;
• Design, development and implementation of a 2,5 day training program on project development, proposal writing, donor relations and project implementation for the senior staff of the Ministry of Environment and Spatial Planning.
