TreeVelop Project and Processes Project Fiche	
Country	: Netherlands
Project Name	: Project and proposal development related to sustainable development
Location	: Netherlands
Beneficiary/Client	: Socio-Spatial Analysis Chair Group Wageningen University and Research Center
Donor	: No donor involved
Main contractor	: TreeVelop
Period of Project	: March 2005 - March 2010
Topic	: Project and proposal development related to sustainable development
Part of TreeVelop (%)	: 100.00%
Total Value (€)	: 85,525
	Project Description
	The Socio-Spatial Analysis Chair Group of the Wageningen University and Research Center has hired TreeVelop to assist their project acquisition in order to link theory and practice of sustainable tourism in the countries of South Eastern Europe. During project implementation a series of project proposal for different donors and funding agencies in the Netherlands and the European Union have to be prepared. Several proposals dealt with the promotion of sustainable tourism in the Croatian county of Sibenik-Knin. Two proposals focused on the set-up of a pan European network of scientists working in the field of tourism in protected nature parks/reserves in close cooperation with the PAN Park Foundation. Recent proposals included the promotion of cooperation of Higher Education Institutions in 7 African countries (EU EDULINK programme - 3A STEP project) and a NUFFIC proposal for HEI cooperation in Ethiopia. Two Erasmus Mundus proposals have been developed as well as several concept papers for the COST programme. The themes of the Chair Group are: Tourism in protected area's, Cultural Heritage development and protection and Socio-economic developments through tourism.
	TreeVelop Part
	Concrete activities for the Socio-Spatial Analysis Chair Group include: <ul style="list-style-type: none"> • Development of project concepts in cooperation with the scientific staff of the department; • Preparation of project outlines and concept papers; • Facilitation of decision-making processes concerning further project and proposal development; • Partner selection and consortium building for selected project ideas; • Preparation of project proposals based upon the guidelines of the respective donor agencies, including technical proposal, budget, formatting, log frames, etc.; • Research of potentially relevant funding programs and/or donor agencies for future projects; • Assistance in mapping out the opportunities of the three topics of the Chair group.
